

UK Bulletin

Chair's Report ~ Summer 2013

I do hope that you have been making the most of this wonderful heat wave bringing us some glorious sunshine! Following Andy Murray's recent Wimbledon success and Chris Froome's win in the Tour de France, as July comes to an end this also brings us to our ISPO UK summer bulletin.

I have represented ISPO UK at the Prosthetics Consultative Group and the Clinical Reference Group (CRG) for Complex Disability Equipment meeting on the 10th May. These meetings were very useful in providing a review of the commissioning process, reporting the current situation regarding work achieved and starting to plan future work. ISPO UK MS has been invited to be one of the four affiliated organisations to be represented on the Clinical Reference Group. Work to further review the Prosthetics Service Specification, develop commissioning policies and CQUIN schemes is now underway. The next meeting of the CRG is 22nd July 2013.

ISPO UK MS was represented at the APLLG meeting and AGM on 2nd July 2013. Key agenda items included benefit reforms and services for children and the paralympic legacy – the issue of having sports' prosthetic limbs has been raised with the Department of Health. National Commissioning of Specialist Prosthetics and Seating Services was discussed at some length and concerns were raised regarding the service specification, patient choice and the IFR process. The Murrison funds for military veterans and applying for funds from the panel was raised. It was confirmed that money for trials can be funded through the panel and BLESMA can be approached to assist with funding for prosthetists' time in certain circumstances. It is still not clear as to the situation for funding beyond 2015.

In these times of social networking just a reminder that ISPO UK MS now has its own Facebook page, still in its infancy. So for those of you who are inclined to do so, please search for us as – "International Society for Prosthetics and Orthotics UK MS" and contribute to our page!

At a recent ISPO UK MS executive committee meeting it was agreed that we will fund ISPO 2014 membership subscriptions for a number of professionals working in the field as well as some prosthetics/orthotics students. Applicants should not have held ISPO membership previously – more information on the application process will follow but please do give this exciting opportunity some consideration and pass on to your colleagues.

There have been some changes to the ISPO UK MS Executive Committee with Ms. Rebecca Beltran standing down due to work commitments, and we are delighted to welcome Mr. Saeed Zahedi. Many thanks to Rebecca for her contribution to the work of ISPO UK MS. The committee is considering forming a "Research and Development" sub-committee which will be an independent, multidisciplinary group which will facilitate research work in the field of prosthetics and orthotics, potentially attracting funding and keeping the needs of our service users and projects that will

benefit users, industry and the health service as a focus. If you feel you may be interested in being involved please do contact either myself or the ISPO Secretariat for further information.

On International matters, I am proud to announce that Professor Rajiv Hanspal has started his term as President Elect of ISPO. Being a non-governmental organization in official relations with the World Health Organisation (WHO) and as a result of a recent meeting, ISPO was invited to attend the 66th World Health Assembly, in Geneva (Switzerland). The current ISPO Treasurer, Nils-Odd Tønnevold, himself a bilateral amputee, delivered a statement on disability on 22 May. The keynote message was that “it is not an expense but it is an investment...” and ISPO strongly encouraged the WHA to prioritise and promote a global initiative to promote access to assistive devices including prostheses, orthoses, wheelchairs and other mobility devices. The World Health Resolution will feed in to a UN High Level Meeting on Disability and Development taking place in New York in September. This is the first time that heads of government will meet to discuss disability and could be a turning point in the delivery of our services internationally.

The 2013 annual scientific meeting will be held in Blackpool at the De Vere Village Hotel, Herons Reach on Friday 4th and Saturday 5th October 2013. A good number of abstracts were submitted which will assist us in developing an interesting and varied scientific programme. The programme is included in this bulletin. I am pleased to report that the OETT lecture will be delivered by Stefania Fatone from Chicago, USA on *“Use of Orthoses in Stroke Rehabilitation – Current Research”* and the Blatchford Lecture by Dr Joseph Czerniecki, M.D. on *“Optimizing the function of the dysvascular amputee throughout the rehabilitation continuum: The importance of amputation level decision making”*.

Full programme and registration details along with information on exhibition opportunities is available on our website at www.ispo.org.uk and will be e-mailed to all members and ISPO supporters. Building on the great success of our 2011 and 2012 meetings, I hope to see many of you in Blackpool.

May I wish you all a very good summer and a restful holiday period filled with sunshine!

CONFERENCE PROGRAMME

Friday 4th October 2013

0845 – 0930 hrs

Registration & Refreshments

0930 – 0945 hrs

Welcome *Dr Fergus Jepson, Chair Scientific Meeting Sub-Committee*
Laura Burgess, Chair ISPO UK MS

0945 – 1045 hrs

Free Paper Session – Chair: Laura Burgess

“Phantom limb pain after amputation in diabetic patients does not differ from that after amputation in non-diabetic patients”

Dr Roger I Clark, Specialist Mobility Rehabilitation Centre, Preston

“A clinical evaluation of post-amputation phenomena including phantom limb pain following lower limb amputation”

Dr Cliff Richardson, University of Manchester School of Nursing, Midwifery & Social Work, Manchester

“Factors influencing psychological adjustment after amputation in adult lower-limb amputees: a review”

Mark Hudson, Trainee Clinical Psychologist, University of Sheffield

“The role of amputative surgery in patients with severe chronic lower limb pain refractory to other therapies; and the limited exposure of orthopaedic trainees to amputative surgery”

David Ball, Trauma & Orthopaedic Surgery Trainee, Blackpool Victoria Hospital, Blackpool

1045 - 1115 hrs

Exhibition and Refreshments

1115 – 1215 hrs

Blatchford Lecture (introduced by Mr Stephen Blatchford)

“Optimising the function of the dysvascular amputee throughout the rehabilitation continuum: The importance of amputation level decision making”

Dr Joseph Czerniecki, MD, VA Research Center of Excellence in Limb Loss, University of Washington, Seattle, USA

1215-1245 hrs

Free Paper Session – Chair: Dr Fergus Jepson

“Spina Bifida and lower limb amputation – a review of outcome in Northern Ireland”

Dr Lorraine Graham, Consultant in Rehabilitation Medicine, Musgrave Park Hospital, Belfast

“Prospective study into prosthetic multidisciplinary team working”

Elizabeth Parkes, Specialist Mobility Rehabilitation Centre, Preston

1245 – 1345 hrs

Exhibition & Lunch

1345 – 1430 hrs

Free Paper Session – Chair: Prof Jai Kulkarni

“Limbless Statistics – an overview of quantitative information on the referred total, female and male UK limbless population in 2007-2011”

Dr Martin Twiste, United National Institute for Prosthetics & Orthotics Development, University of Salford

“The national trend in amputation in the UK during a period of ten years”

S Sooriakumaran, Consultant in Rehabilitation Medicine & Clinical Director, Queen Mary's Hospital, London

“Post-operative satisfaction following an elective lower limb amputation and its association with pre-operative variables”

Victoria Ando, St Hugh's College, University of Oxford

1430 – 1520 hrs

“Energy efficiency in lower limb prostheses”

Prof David Howard, Professor of Bioengineering, University of Salford, UK

1520 – 1600 hrs

Exhibition, Refreshments & ISPO UK MS Annual General Meeting

1600 – 1700 hrs

Free Paper Session – Chair: Melissa Leong

“Minimum toe clearance during unilateral trans-tibial amputee gait: effects of using a hydraulically controlled ankle-foot device

Alan R De Asha, School of Engineering, Design & Technology, University of Bradford

“Importance of lead limb ankle motion in achieving foot clearance

during obstacle crossing”

Eftychia Evangelopoulou, School of Engineering, Design & Technology, University of Bradford

“Effects of added ankle mass on obstacle crossing in unilateral trans-tibial amputees”

Vasily Struchkov, School of Engineering, Design & Technology, University of Bradford

“A longer term review of the benefits of a Biomimetic Prosthetic Ankle-Foot for the Low Activity Amputee”

Rob Painter, Mechanical Design Engineer, Chas A Blatchford & Sons Ltd, Basingstoke

1700 – 1715 hrs

“Specialised Commissioning – an Update”

Prof Rajiv Hanspal, Chair Clinical Reference Group Complex Disability Equipm

1715 hrs

Exhibition and Meeting Closes

1930 hrs

ISPO UK MS Dinner sponsored by

CONFERENCE PROGRAMME

Saturday 5th October 2013

0900 – 0930 hrs

Registration & Refreshments

0925 – 0930 hrs

Welcome

Laura Burgess, Chair ISPO UK MS

0930 – 1030 hrs

“Congenital limb deficiencies, surgical interventions & outcomes”

Mr James Fernandes, Consultant Orthopaedic Surgeon, Sheffield Children’s Hospital, Sheffield

1030 – 1100 hrs

Free Paper Session – Chair: Prof Rajiv Hanspal

“Rigid vacuum formed and selective laser sintered ankle foot orthoses versus flexible ankle foot orthoses in a patient with anti-myelin-associated glycoprotein neuropathy: a case report examining effects on balance and gait”

Paul Charlton, Peacocks Medical Group Ltd, Newcastle upon Tyne

“Production of normative force-tie graphs for foot regions using an in-shoe pressure measurement system”

Philip Davenport, Pre-Registration Clinical Scientist, West Midlands Rehabilitation Centre, Birmingham

1100 – 1130 hrs

Exhibition & Refreshments

1130 – 1220 hrs

OETT Lecture

“Use of Orthoses in Stroke Rehabilitation – Current Research”

Stefania Fatone, Associate Professor in Physical Medicine & Rehabilitation, Northwestern University, Chicago, USA

1220 – 1250 hrs

Free Paper Session – Chair: Dr L Landham

“EMG-guided testing and training in TechNeuroRehabilitation after Targeted Muscle Reinnervation”

Agnes Sturma, Physiotherapist, Medical University of Vienna, Austria

“A proposed clinical algorithm for dorsiflexion free AFOFCs based on calf muscle length, strength, stiffness and skeletal alignment”

Elaine Owen, Clinical Specialist Physiotherapist, Child Development Centre, Bangor

1250 – 1320 hrs

Company Product Presentations

1320 – 1400 hrs

Exhibition & Lunch

1400 – 1430 hrs

Chair: Dr Fergus Jepson

“Management of CTEV – including Experiences from Malawi”

Mr Steve Mannion, Orthopaedic Advisor CBM & Medical Director – Global Club Foot Initiative, Lancashire, UK

1430 – 1515 hrs

“Recent Advances in Wheelchair Technology and Special Seating”

Mr Jason Jones, Technical Training Manager, Invacare, UK

1515 - 1530 hrs

Free Paper and Poster Prize Presentations and Close of Meeting

Your invitation to participate at ISPO UK ASM 2013

ISPO UK Member Society cordially invites you to participate at this year's annual meeting to be held at the De Vere Village Urban Resort, Heron's Reach, Blackpool on 4 & 5 October 2013.

This year's programme follows a format of guest lectures, free papers and poster display, as well as a commercial exhibition. Together with a lively evening social programme including drinks reception sponsored by **Ottobock Healthcare** and conference dinner sponsored by **North Sea Plastics**, the ISPO UK 2013 meeting will provide a multi-disciplinary forum with a wide range of opportunities for delegates to engage with rehabilitation professionals from across the UK and further afield.

The De Vere Village Urban Resort <http://www.village-hotels.co.uk/hotels/blackpool/welcome> is situated at Junction 32 of the M6. Blackpool Rail Station is within 2 miles of the hotel and Blackpool Airport 3.5 miles. The hotel has recently undergone a £6 million refurbishment and now offers both indoor and outdoor swimming pools, Viva Urban Spa and a PGA Academy and Championship golf course. Free Wi-Fi is available throughout the hotel.

ottobock.

Delegates are responsible for making their own travel and accommodation arrangements. **A limited number of rooms have been reserved for delegates at preferential rates ranging from £92.50/room/night B&B single occupancy to £102.50/room/night B&B twin occupancy.** These will be allocated on a first-come first-served basis.

Delegates should first register for the meeting then make accommodation reservations by contacting the Central Reservation Team at 0844 980 0220 and quoting reference INTE060913. Debit/credit card details will be required to guarantee the booking and rooms may be cancelled up until 48 hours prior to arrival. **Preferential rates can only be guaranteed for bookings made prior to 9th August 2013.**

COMMERCIAL EXHIBITION

The commercial exhibition will run on both days, providing delegates with the opportunity to see first-hand the latest innovations in prosthetic and orthotic design and manufacture. Delegates are strongly encouraged to visit the exhibition stands and discuss areas of interest with representatives from many of the major national and international companies involved in prosthetics and rehabilitation.

POSTER EXHIBITION

Delegates are also encouraged to visit the Poster Exhibition. Here there is an opportunity to obtain an overview of other research and developments in the field of prosthetics, orthotics and amputee rehabilitation and for poster presenters to share further information with colleagues face to face.

FURTHER INFORMATION

Full details, including programme updates and opportunities for exhibitors, are available on our website at www.ispo.org.uk or by contacting Irene Cameron at ISPO UK MS Secretariat, PO Box 2781, Glasgow, G61 3YL T/F: +44 (0) 141 560 4092 E: info@ispo.org.uk

International News

The 14th ISPO World Congress was held in Hyderabad, India between 4-7 February 2013. Some 1,800 participants from over 85 countries enjoyed an inspiring, high-quality and truly global event which opened significant growth perspectives for individuals and businesses. The host country was very well represented with more than 500 Indian delegates visiting the congress and tradeshow.

Feedback from congress participants, exhibitors and visitors was very positive. The top class scientific program consisted of 17 topics addressed in over 100 posters, 260 oral presentations presented in 56 free paper sessions, 27 instructional courses, 21 symposia as well as 16 exhibitor's workshops.

The exhibition gathered over 100 exhibitors from 24 countries besides 15 companies from India and provided participants with an opportunity to discover the latest technology in the sector.

Exhibitors agreed that the 14th ISPO World Congress offered an excellent opportunity to present their products and companies in the promising growing market of India and Asia overall, but also to the wider international audience.

The next ISPO World Congress will be held in Lyon, France from 22-25 June 2015. <http://www.ispo2015.org/index.php>

BACPAR 20th Anniversary Conference

14th -15th November 2013 Wolverhampton

Come and join us for a great 2 days ...Sessions include;

Day 1

Acute care

- Hypoglycaemic control in amputees participating in prosthetic rehabilitation
- Oblique abdominals training pre and post-op stage
- The Roehampton Stump Score – assessing the perfect stump
- Physiotherapist approaches to phantom limb pain

Service provision

- Key note speech by Karen Middleton
- Reconsidering evidence based practice in prosthetic rehabilitation
- How can we engage with NICE?

Day 2

Prosthetic rehab

- Posture & movement control
- Outcome measures for amputees
- Self-management and living with a long term condition

Sport

- Legacy of the Paralympics
- Amputees and recreational running
- Amputee Football
- Leisure pursuits following lower limb amputation – the reality
- Getting into Sport – Parasport
